Interdisciplinary Master's in East European Research and Studies

## *Iba Deň (Only A Day)*

*A joint work of three debuting directors, the film is about former rock musicians, members of a banned rock band, who were forced to exchange their idealism of the 1960s for family life and ordinary jobs in Socialist Czechoslovakia. The film shows one day of their lives full of small lies, compromises and morally doubtful decisions. This is one of the most significant reflections on the time of perestroika.*
