Annual Meeting of the COST Action CM0603
Free Radicals in Chemical Biology
July 1-2, 2010, Bologna, Italy

The **EUCHEM Conference on Organic Free Radicals** will be held in Bologna (Italy) from June 28th to July 2nd, 2010. The Conference is intended primarily to stimulate new topics of growth and improve interdisciplinarity in free radicals research, and will offer an advanced and update context for researchers of academic and industrial affiliations.

The meeting will take place at the Consiglio Nazionale delle Ricerche (CNR), which has top-class facilities for scientific sessions, informal meetings and discussions for the expected number of delegates (150-200), as well as for exhibition booths of companies and products connected with the Conference themes. The city of Bologna provides attractive and historic surroundings, which will be part of the social events programmed for the Conference.
