

# biodiversity Conservation:

## the plant and pollinator perspectives to enhance ecosystem services

Bologna

15 September 2014

Botanic Garden

Aula B

BiGeA - Department of  
Biological, Geological and  
Environmental Sciences

Via Irnerio 42

[www.pp-icon.eu](http://www.pp-icon.eu)

### 15:00 SCIENTIFIC WORKSHOP

Chairman: Prof. Giovanna Aronne (University of Naples Federico II)

#### Results and good practices of the project Life+ PP-ICON

Dr. Marta Galloni (Dept. BiGeA, University of Bologna)

Dr. Laura Bortolotti (CRA-API, Bologna)

#### Measuring pollinator performance in Papilionoideae from Argentina

Prof. Angela Etcheverry (Universidad Nacional de Salta, Argentina)

#### Habitat management for realising multiple agroecosystem services

Prof. Mario Balzan (MCAST, Malta)

#### SHARP species based approach for sustainable conservation of rare endangered plants

Prof. Giovanna Aronne (University of Naples Federico II)

### 16:45 DISCUSSION

#### 17:30 Guided tour of the Botanic Garden

Prof. Giovanni Cristofolini (SMA, University of Bologna)

The workshop is open, no registration is required.

Contact person: Marta Galloni, tel. 0512091318 - email: [marta.galloni@unibo.it](mailto:marta.galloni@unibo.it)
