ALMA MATER STUDIORUM  
UNIVERSITÀ DI BOLOGNA

**Venue:**

**Archiginnasio – Piazza Galvani 1, 40124 Bologna**

**Sala Adunanze, Società Medica Chirurgica di Bologna, Ground Floor**

## The 7<sup>th</sup> Annual Meeting of the Global Alliance of Medical Excellence

### Welcome Message

*On behalf of the School of Medicine of the University of Bologna, it is a great pleasure for me to welcome the GAME members to the Seventh Annual Meeting of the Global Alliance of Medical Excellence in Bologna.*

*The purpose of this meeting is to gather delegates from the GAME partner universities and welcome new members. A face-to-face meeting encourages all participants to make the most of this opportunity and to take the time to connect, collaborate, and communicate with each other. This is especially important for me since I could not attend the previous 2022 meeting in Nagoya.*

*GAME serves as an outstanding platform to share ideas towards medical innovation for the benefit of human health and this year's title "Research and Teaching for Sustainable Healthcare" points towards the main pillars of our collaborations, i.e. common research projects and innovative teaching formats.*

*In closing, I look forward to sharing our vision of the role of GAME for the development of our partnerships on our path to excellence. I wish your stay in Bologna is enjoyable, fruitful, and memorable.*

*Professor Mario Lima*

*Dean of the School of Medicine*

*University of Bologna*

# November 23, 2023
